DANCE STUDIO

## Birthday Parties!

### Party Details:

Our Birthday Parties are like no other! Parents will experience a stress-free, relaxed, “done for you” party! The studio will be fully decorated in the theme of your choice and also includes coordinating paper plates, napkins, personalized water bottles for guests and parents, an invite will be provided to email to your guests and a log of gifts will be emailed to you after the party

The party is 2 hours and will be run by a professional instructor and studio assistants. We start off with a few dance games centered around the birthday guest, then a routine in the genre you pick. We open gifts, sing happy birthday, have a photo shoot and then have cupcakes!
