

Hello emjaez Dance Families!

I hope you are having a wonderful week and surviving the heat! As our dancers make their way back to school, we are wishing them a most successful year of growth and fun!

We know everyone has been excited for the 2024-2025 schedule and registration information! We've loved talking with many of you about the classes your dancer wants to take and their goals. I'm excited to say that registration is **now open**!! Be sure to view the schedule as class day and times vary from season to season. *Please note that the schedule and instructor are subject to change.*

Link to schedule: <https://docs.google.com/spreadsheets/d/16bqoZ9l7iOK8ygbqPwZiitK-WCvLbLeWTINrvbSNpS0/edit?gid=0#gid=0>

Soon you will find all-important details in the **studio brochure** that will inform you of everything you'll need to know to have a seamless Dance season! You may even see a picture of your favorite dancer! You will also find the short cut tabs that list everything as well. Details include the calendar of important dates, dress code, tuition and much more! <https://www.emjaezdance.com/>

New this season... Class Tights and Leotards can be purchased through the studio!

Towards the end of last season I did a "soft" launch with our new Software System, DSP (Dance Studio Pro). I have received a lot of positive feedback regarding its features and being user friendly. We are completely transferring over to DSP now and will continue to add features that will make all interactions convenient and easily accessible.

All registration will take place through DSP. However, if you need any assistance, don't hesitate to reach out to us at: teammj@emjaezdance.com We're here to help!

HOW TO REGISTER FOR CLASSES...

1. If you have not done so already, you will need to create a parent portal. Create portal here:
2. Once the parent portal is created, you will select and register for the recommended classes. You can also add classes at this time.
3. You will then read and fill out the required registration forms. Don't forget to let us know about any allergies or medical conditions our team should be aware of to support your dancer.
4. You will then make the 1st tuition payment. Beginning in October, your tuition will automatically be run on the 1st of each month. You do not have to go in and pay tuition.
5. You will receive a confirmation email that you have registered and you will be all set!

Please let me know if you have any questions or if I can assist you in any way. Thank you for your support of emjaez Dance Studio. I am blessed by all of you. We are all looking so forward to season 21 and can't wait to celebrate and dance with you, beginning September 14th!!

Have a wonderful evening & Happy Dancing Blessings!

Mary Jo Rimke
Owner/Artistic Director
